VOL. 101 NO. 25 CAMERON, MILAM COUNTY TEXAS, THURSDAY SEPTEMBER 15, 1960 12 PAGES TODAY

Ol' 101 With F. M. L.

We have learned a new device for ignoring lots of noise around us. And in a newspaper plant, like all shops where machinery is running, it is rather distracting.

A little girl taught it to us.

Our youngest (and the onliest) child was eating at the dinner table with her parents the other day. A spry 16 months by now, she is as prone to toss as much food on the floor or in the air as she puts in her mouth.

It's not so annoying until she plays patty-cake with it.

Anyway, she was told several times and shown others where her meal ought to go. She would try to co-operate, but the fun of playing instead of eating dominated.

Finally, in defiance of parental commands to "straighten up" she plugged both ears with her fingers, smiled one of those "I do'ne wanna" smiles and stopped all debate.

101 - 101 - 101

The new pressbox at Yoe Field was the center of interest for many visitors Tuesday night while the Ada Henderson seventh and eighth graders played their grid games with Rosebud.

Most visitors ended up on the camera deck of the new structure, looking down on the field with fascination at stands and the teams.

It's probably the best layout for cameramen that ever was built in a small stadium. There is plenty of room around the front, guarded by a railing and an indoor area where cameramen and equipment will be out of the weather.

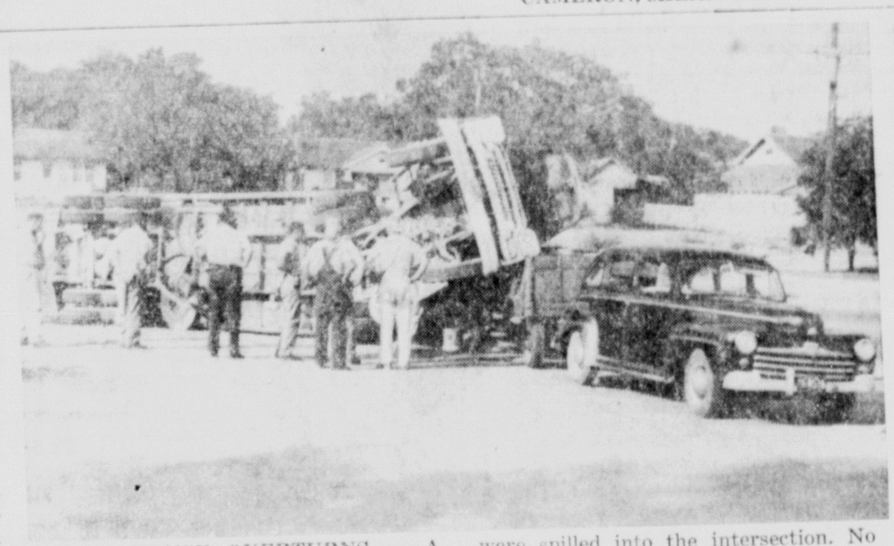
If someone really wanted a view, he should climb atop the camera deck and see games played in Rosebud, Rogers and Buckholts. We're kidding, of course, but the view and the new pressbox are fine.

Someone was kidding about the "penthouse" for cameramen when we left.

101 - 01 - 101

Speaking of pressboxes and foot ball, it is little wonder that football is a topic of interest in Central Texas.

Southwest football is just a few hours from the Cameron area. Nothing new about the idea, but consider the distances of various major football powers: University of Texas, about 90 miles; Baylor, about 60 miles; Texas A & M, about 55 miles; Texas Christian, about 150 miles; Rice Institute, about 150 miles; Southern Methodist, about 150 miles. And there are other smaller schools as close.



GRAIN TRUCK OVERTURNS — A huge grain truck collided with a Cameron car pulling a trailer. Tons of grain were spilled into the intersection. No one was injured in the accident which occurred at US 77 at Lamar last week. —Staffoto

Milam Bales 6,000 In Recent Weeks

31 Seeking Jobs On Police Force; Only Four Open

Cameron has plenty of applicants for the still vacant police chief, patrolmen and radio dispatch jobs.

A survey this week showed that a total of 31 applicants have applied for the four jobs.

Applicants include all three of the men whose resignations were accepted three weeks ago in a controversy between former Police Chief Homer Johnson and dispatcher Gene Kirk and patrolmen Warren McCall and Howard Simons.

The City Council accepted the three - way resignation and asked Johnson to submit his, following a four and one - half hour session at City Hall.

Thus far, 14 men have applied for the police chief position, 15 for the two patrolmen's openings and two for radio dispatcher, a parttime job, according to City Sec. John Andres.

Included in the applicants for chief is Chester Simons, former Cameron chief, who left the Cameron Police Dept. to manage the Cameron Country Club and then a similar position with a country club in Oklahoma.

Since the mass exodus three weeks ago, Bill Richter has been acting chief of police.

In the marathon Council meeting, the trio leveled charges of inability to get along with Johnson's policies. Johnson said he was "trying to promote cooperation within his department" and the three men decided to resign. The council called for all their resignations.

New applciants are from cities across Central Texas with one patrolman applicant from New Mexico.

FIKES CARRIES — Carroll Fikes Yoemen Halfback carries the ball for a good gain before several Rosebud tacklers bring him down. Fikes also ran in the quarterback slot in the second half.

Crop Expected To Hit 15,000 By Year's End

The Milam County cotton harvest moved past the 6,000-bale mark today with predictions for a 15,000 - bale crop estimated once again.

Cameron Compress reported the 6,000 - bale total through Tuesday night.

Farmers Gin Co., Cameron, reported that lowland cotton production was averaging as high as one to one and - a - quarter bales to the acre.

County Agent J. D. Moore said Wednesday that blackland areas of the county were suffering from root rot.

Moore said things were a lot more optimistic than 30 days ago when continuous rains halted cotton picking and appeared to spell doom for much of the cotton production in Milam.

He said the average yield of about 48,000 acres of cotton planted would be about one-third bale though bale - to - the - acre cotton was being produced along bottomland farms.

Late rains have caused additional bolls to grow on cotton plants, Moore noted, requiring the producer to wait until the bolls start to open before picking.

Continued good weather will improve the cotton picture price-wise, most cotton producers and observers agreed.

Cotton was reported to be middling light spot with good staple at Farmer's Gin Co.

County gins at Buckholts, Cameron, Burlington and Maysfield were going 24 hours a day to keep up with the heavy flow of cotton from the fields.

Moore also said that current weather conditions are ideal for harvesting.

Last year Milam County produced about 17,000 bales of cotton. Predictions for a heavier crop this year followed increased cotton acreage allotments for Milam County.

Some observers have predicted a 22,000 - bale crop with good weather conditions.

Cotton production had fallen short of the average production upto September 1. But heavy cotton picking during the past two weeks of dry weather have brought the total nearer the normal total. Twenty years ago, the bale total was over 5,000 bales by September 1.

SP Execs, C of C Discuss Industry

The industrial committee of the Cameron Chamber of Commerce Tuesday discussed industry with four representatives of Southern Pacific Railroad.

The group toured Cameron industrial sites along railroad property and in other locations in the city area.

Representing Southern Pacific were: Olin G. Humparies, assistant industrial agent, Joe R. Mitchell, contract and lease engineer, and Ralph S. Dickinson, statistical analyst, all of Houston; and C. R. Dehm, district freight agent, Waco.

Humphries described industrial locations in towns in Central and East Texas that shared the same industry - locating problems of Cameron. He said that his company is interested in using its contacts to assist Cameron in location of industry.

The committee furnished the railroad representatives statistical data on Cameron utility rates, population trends, availability of workers, tax and insurance rates.

Mitchell told the group about Southern Pacific's policies in leasing, renting and specified selling of railroad - owned property to industrial foundations and individuals.

Dickerson noted the value of statistical analysis of community information for future growth and industrial location.

A consensus opinion from the railroad executives indicated the importance of intangible valuse of a community which included: progressiveness of city government, schools and churches and the attitudes of the people of a town.

One spokesman cited the heavy consideration industries now give to the type of town they would ask employees to adopt as their home.

The group met at the First National Bank with Lester Williams, chairman of the industrial committee, presiding.

Work To Begin On New Hospital; Other Projects On

Construction equipment was moved in by Semands Construction Co., of Conroe, this week prior to the first work of clearing ground for the new Newton Memorial Hospital.

Site of the new hospital is north of the present location. Building was to begin next week.

Construction company officials said it will take about a year to complete the 28-bed, one-floor structure.

Officials expressed their appreciation for the $60,000 donations and asked consideration for starting to send in donations on a regular basis.

Meanwhile construction work progressed on the foundation of the Citizens National Bank drive-in facilities and McIntosh's Dept. Store.

Workmen also were dismantling the old First Baptist Church structure in preparation for the new colonial type building.

Yoemen To Face Rogers Eagles

Rogers football coach, Jim Lowrence will bring his fighting Eagles to Cameron tomorrow night for the Yoemen's first home gridiron contests of the season.

Coach Lowrence is high in praise for his team. Last week they gave Holland a 22-6 shelling and are eyeing the 23A district title.

Cameron coach Billy Bates will be operating without quarterback Jimmy Woodum. He will miss at least one game due to athletes foot for which he is now receiving treatment in a local hospital.

Carroll Fikes will man the quarterback spot while Earl Morgan will man the right half position. Ed Lierman at the other halfback and Ernest Bayer at fullback will round out the backfield.

Perry Harbour, senior letterman will man the right half positers. He will be spelled by Jimmy Cowan. Charlie Waits and Pete Castillo will alternate at fullback.

Ace Dyess and Bryan will start at halfback spots. Both are Juniors.

J. P. Morgan, 175 pound senior will handle a guard along with Glenn Gregar. The tackle slots are filled by John Barfield, 200 lbs, and James Martinec, 175 pounder.

Ten of the squad are returning lettermen. Six of the seven two year lettermen are linemen.

Cameron offensive starting line men will read like this; Roy Wohleb and David Barkemeyer at ends; Bob Dymke and Chris Gay at guards; and Bobby Hillman and Bret Shumate at tackles.

Eugene Schattle will start at center. The defensive changes will bring in Johnny Richter, James Edwards, Dan Brashear, Joe Harber and Stanley Kirk.

Thomas Gunning Dies In El Paso

The Herald learned this week of the death of Thomas C. Gunning of 1123 Rim Road, El Paso, on September 3.

He is survived by his widow, the former Miss Velda Walker who was raised in Cameron at the home of her grandparents, the late Mr. and Mrs. Robert S. Todd, Milam County pioneers. A son, Thomas G. Gunning Jr. also survives.

A prominent El Paso resident, Mr. Gunning had lived in that city since 1911. He was president of the 14-store chain of Gunning-Casteel Drug Co., president of Gunning - Casteel Realty Co., director of Chelmont State Bank and director of Wiggs Appliance Co.

He was an active member of St. Clement's Episcopal Church. Mr. Gunning was a member of El Paso Masonic Lodge No. 130, El Paso Scottish Rite Bodies, a 32nd degree Mason and a member of El Maida Shrine.

Mr. Gunning was a member and past director of El Paso Rotary Club, a board director of the salvation Army and a charter member of the board of directors of the United Fund.

Burial was in El Paso.

Marak Church Plans Pubilc Picnic Sunday

The congregation of the Marak SS Cyril and Methodius Church is planning an annual public picnic starting at 2 p. m. Sunday, according to the Rev. Rafael Gersknovich, pastor of the church.

The program includes a cotton auction at 3 p. m., games and refreshments. A sausage and chicken supper will be served from 5 to 8 p. m. The Vrazel Polka Band will play at a dance Sunday evening.

County Officials Attend Conference

Mrs. Mildred Wheeler and F. L. Gregory attended the Governor's Conference on Aging as Milam County delegates on September 7-8.

Mrs. Wheeler participated in the Health discussion group and Gregory in the Welfare discussion group.

The White House Conference on Aging in Washington, D. C., in January will be a citizen's conference, preceded by forums, meetings and conferences at the community and state levels such as the one in Austin. Eighty-eight delegates will represent Texas at the White House Conference.

Lanell Darby Elected Girls 4-H President

LaNell Darby was elected president of the St. Anthony Girls 4-H at their meeting Friday.

Other officers named are: Carol Terry, vice - president; Monica Mikula, secretary; Mary Frances Hurtik, reporter; Margaret Zotz, council delegate; and Paula Zotz, recreation leader.

Milam County Youth Place High In Waco

Jane Mueck, daughter of Mr. and Mrs. Joe Mueck, won a Blue ribbon and first place on her Duroc gilt and Roy Dean Tomasek, son of Mr. and Mrs. Henry Tomasek, won a Red ribbon and second place on his Duroc boar at the District show held in Waco Saturday.

They were accompanied by J. D. Moore, County Agent.

Jane received a cash prize of $22.00 and Roy Dean received $20.75 on his entry.

During the past six years Milam Council has won 8 first places, two second and 2 fourth places.

Quarterbacks See Yoe-Rosebud Film, Hear Rogers Report

Cameron Quarterback Club members Monday reviewed a film of the Cameron - Rosebud football game and heard Coach Harrison McLerran report on the Rogers football team, Cameron's first homegame foe.

President Forrest Sapp announced a membership drive for a minimum of 150 members in the Quarterback organization. Charlie Burke will head the membership drive.

McLerran touted the Rogers club as an experienced team with some big players in the lineup. Rogers is undefeated in two games last week defeating Holland.

Coach Billy Bates expressed pleasure on the performance of the Yoemen against Rosebud, citing the "team victory." All 29 boys making the trip played in the game.

North Milam Fund Group Will Meet

The Budget and Admissions Committee of the North Milam County United Fund will meet 7:30 p. m. Monday in the Commissioners Courtroom at the Courthouse in Cameron.

The committee will meet with the representatives of organizations and hear their requests for allocations. These requests should be written, but oral explanations will be heard.

Members of the committee are: Jack DuBois, chairman, Charlie Burke, and Richard Williams.

Jimmie Love Joins Local Guard Unit

Company C, 3rd Medium Tank Battalion, Milam County's National Guard unit, added a new member to its rolls this week, it has reported.

It listed the new guardsman as Jimmie E. Love. He was sworn in in his Army grade of Private First Class during the unit's week-end drill period on Sunday.

Love recently completed a two year tour of active duty with the Army. For 17 months of his tour he was stationed in Hawaii, and was assigned to a Field Artillery unit of the 25th Infantry Division.

He resides in the Sharp area.

WEATHER NOTES

Temperatures ranged from a high of 94 degrees September 9 to a low of 57 degrees September 12. No rainfall was recorded in the Milam area.

School Talks Academics, Phys. Ed.

The Cameron School Board Thursday heard a report on grouping by ability in local public schools and discussed the need for improvement of physical education facilities for Yoe High School boys.

Supt. Earl Knebel offered two plans to alleviate crowded gym facilities for YHS boys. They included: building additional showers for boys at an estimated cost of $1428 and moving the tax office from the YHS Gymnasium into another school building and using that office space for locker rooms.

Board member F. W. Vogelsang raised the possibility of building a physical education building by Ada Henderson School.

FIELD HOUSE MENTIONED

Board discussion also centered on construction of a field house in the vacinity of Yoe Field for the football team, making room for boys physical education classes in the north side of the gym now occupied by football equipment in the locker space.

Dr. David Shapiro said that the school could consider borrowing upto about $19,000 for such facilities after a current $5,000 note is paid.

The board had considered construction of a field house in meetings last spring.

Money problems also popped up during a discussion of the ability grouping program in Cameron schools.

Arley Attaway, in presenting an outline of problems of the ability grouping, said a $1 per student in Ada Henderson would provide the necessary additional books for students in A H S. And he said there was a need for a laboratory for science classes. Dr. Shapiro said that a fund for visual aids would provide money for equipping a room in the junior high school for a laboratory.

Max McClaren, Ben Milam principal and YHS English instructor, reported that he would need additional books for fast groups in junior and senior English courses.

Attaway noted in the grouping report that an "accelerated program must be flexible for borderline students. A borderline student may be in the accelerated group one year and the following year the student may be placed in the average group. Students who are moved from an accelerated group to the average group and those moved from the average group to the accelerated group must have the sympathetic understanding of both parents and teachers."

METHOD OF GROUPING

The report also explained the method of grouping by arranging composite test scores of students from high to low, then assigning students to the various groups according to scores and performances.

Board members agreed that thorough explanation of the program through parent - teachers groups and public information would aid parents in understanding the workings of the grouping program.

In other action, board members voted approval of hiring Larry Hyde as industrial arts teacher at YHS and Miss Susie Stewert to teach at O. J. Thomas School.

O. J. Thomas Principal Whiteside reported that a typing program has been instituted in OJT High School and that crowded classroom conditions have required petitioning off part of the OJT cafeteria for a typing classroom.

He said that about 100 Negro students are attending O. J. Thomas School from Rogers, Davilla, Rosebud and Buckholts areas.

Other school board action:

ONE — Approved payment of $588 in back pay to J. R. Young, YHS social science teacher, for contract years 1955-56.

TWO — Authorized Charles Smith, Jr., representing the Cameron School District, to write letters advising delinquent taxpayers of past - due taxes and then to file suit against those not paying past taxes after written notice.

THREE — Called for measures to replace two new typewriters found missing in Yoe High School sometime after August 25 and check on how the typewriters dissappeared.

FOUR — Approved trips for Supt. Knebel and YHS Principal Jerald Underwood to out - of - town professional meetings at Austin (counseling and testing workshop), Dallas (Texas Association of Secondary School Principals, and Texas Association of School Administrators, in Austin.

FIVE — Called for advertising the sale of seven old school buses replaced with new ones in the district this fall.

V. H. Tumlinson Dies In Harlingen, Services Saturday

Victor H. Tumlinson, former Cameron rancher and businessman, died Wednesday morning in Harlingen, Texas, following an extended illness.

Funeral services probably will be held Saturday at Raymondville.

He was well known in Cameron and Milam County where he has been ranching since 1948. He was former owner of the Riverside Ranch south of Cameron.

Tumlinson held a number of teaching and school administration positions. Prior to moving to Cameron, he had served as superintendent of schools in Raymondville.

He was a member of the Church of Christ ond the Masonic Lodge in Cameron.

Surviving are: his wife, Mrs. Tumlinson, of Harlingen; one daughter, Mrs Marlin Harris of Edcouch; two sons, Dr. W. J. Tumlinson, Harlingen, and S. H. Tumlinson, Washington, D. C.; one brother, O. G. Tumlinson, Cameron; three sisters, Mrs. Alma Fuller, Lubbock, Mrs. H. D. Rhodes and Mrs. F. M. Lambert, San Antonio.

The election of the representatives to the Rogers High Student Council was held on Thursday.

The representatives of the freshman class are Carol Mikulas and Leroy Schiller.

Representing the Sophomore class are Carolyn Sparks and Dwaine Chlapek.

Nelda Bravenec and Barney Knight are the Junior class representatives.

The representatives of the Senior class are Regina Schiller and Kenneth Bales.

President of the Student Council is Johnny Kopecky; vice-president is Brian Harbour; secretary-treasurer is David Wright and Reporter is Glenda Mayfield.

Reportable Disease

Reportable diseases in Milam County for the week ending November 10 according to Dr. T. E. Crump, acting director of the Mialm County Health Department were 32 strep throat, 7 measles, one whooping cough, one syphilis and one gonorrhea.

Law Orders Stop For School Bus

Thousands of school children are now trooping back to school throughout Texas. Many of them will be transported by school buses. Most people are careful when approcahing a school bus which may be standing beside the road or school to pick up school children or allow them to alight. However, we have already had some very bad accidents this year because a child or a motorist, or both, were careless at that very time.

Most Texans are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately behind the bus, he is then allowed by law to proceed past same at a speed "which is predent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

What many persons do not realize is that the very same rules applies when MEETING a stopped school bus. While everyone is interested in protecting our children, unthinking violators of this simple safety rule greatly outnumber those who comply. Failure to follow the law in this case can lead to fines up to $200 even when no accident occurs. Following an accident in which some child is injured or killed, the penalties are naturally much more serious.

Although the above rule does not always apply when passing stopped school bus in a business or residential district of a town, the necessity for extreme caution even in those locations is obvious.

When it comes to overtaking and passing moving vehicles, exercise of ordinary common sense will generally keep a driver within the law. For instance, when passing a car it is only common sense to proceed on past it a safe distance before cutting back to the right side of the highway. Also any driver would realize the danger of increasing his speed while another is attempting to pass him.

In the same catagory is the prohibition against passing on the right under most ordinary conditions. Of course, you may legally pass on the right in a few specific instances, such as when the vehicle overtaken is making or about to make a left turn, or upon a one-way street with two or more lanes, or upon a four - lane highway.

However, our traffic laws state that even when passing on the right is allowed, it shall be done only under conditions permitting such movement in safety. And in no event should such passing be accomplishd by driving off the pavement or main - traveled portion of the roadway.

Familiar to all are the no passing zones designated by dash lines placed to one side of the center stripe on our highways. Not so well known are the restrictions against crossing the center line when approaching within 100 feet of or when traversing any intersection or railroad grade crossing.

A driver should never cross the center line of a highway when the left side of the road is clearly visible and free of oncoming traffic. Generally speaking, when not engaged in passing another vehicle, one should not drive to the left of the roadway.

New Library Hours

New library hours for the fall ans winter months beginning Tuesday, September 20, will be Tuesday, Wednesday, Thursday and Friday at 8:30 a. m. to 11:30 a.m. Saturday 8:30 a. m. to 11:30 a.m. and 2:30 p. m. to 5:30 p. m.

The library will be closed all day Mondays.

PM

Guests in the home of Mr. and Mrs. Hubert Jistel were Mr. and Mrs. Johnny Marak of Odessa, and Miss Paulette Hubnik of Odessa, Mr. and Mrs. Gerald Beach of Temple and Miss Lucille Jistel of Austin.

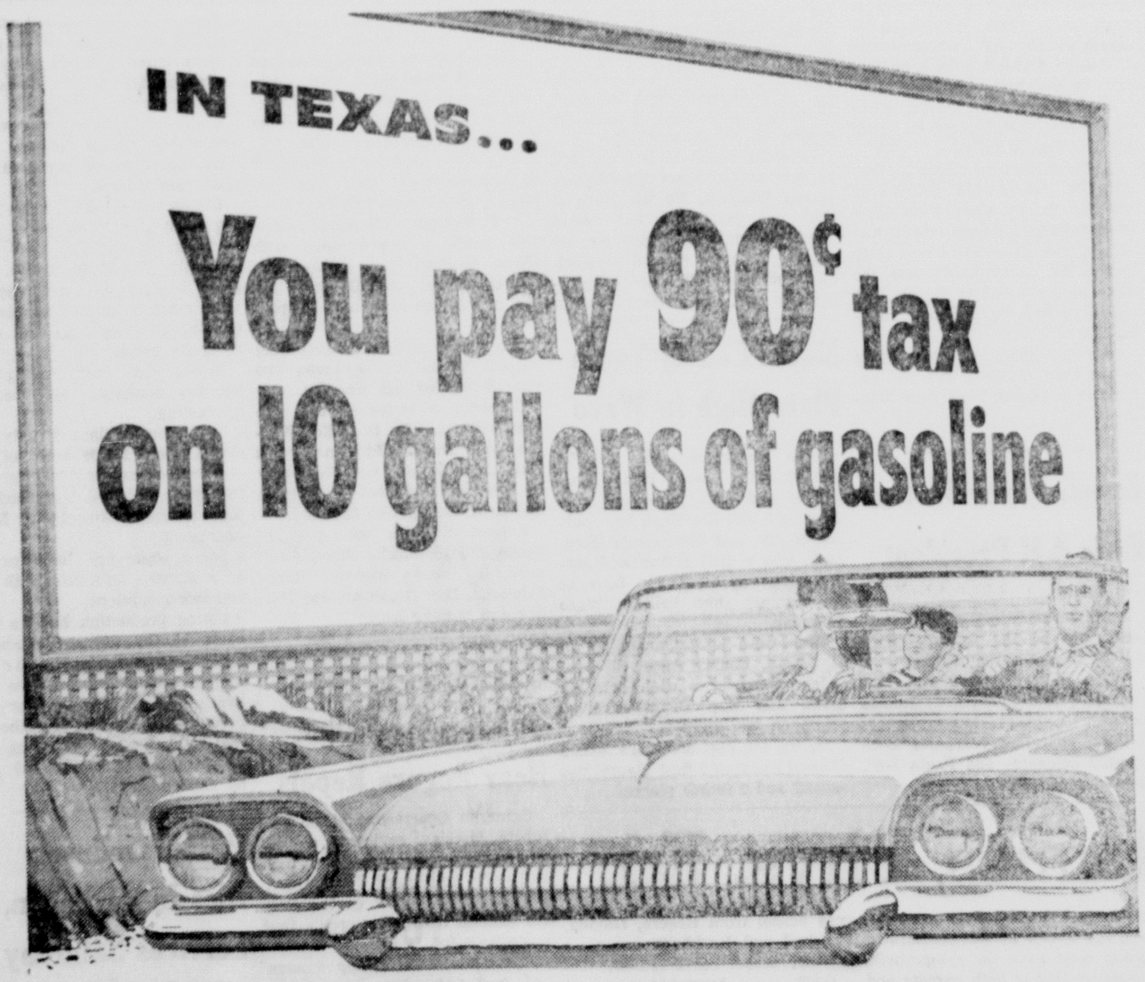
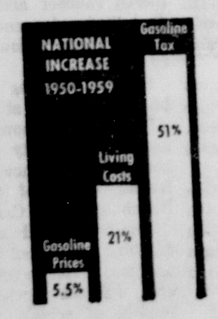
IN TEXAS...

You pay 90¢ tax on 10 gallons of gasoline





Gasoline taxes up 51% in ten years

Everywhere in Texas, car owners pay 90¢ tax on every 10 gallons of gasoline they buy.

Does a tax this high—on a basic commodity like gasoline—really make sense? Gasoline taxes across the nation amount to a *50% sales tax*—and that's five times as high as the tax rate on luxuries like diamonds and mink coats.

How did gasoline taxes get so high? Well, since World War II, there have been *three increases in the federal gasoline tax alone.* This brought the Federal tax to 4 cents a gallon, in addition to the State tax of 5 cents a gallon.

Looking at it another way, in the last ten years gasoline taxes have *skyrocketed 51%*—yet the price of gasoline itself has *risen only 5.5%* during the same period.

$78 a year for gasoline taxes! Gallon by gallon, these taxes add up to a lot of money. Each year the average motor vehicle owner in this state *pays $78 for gasoline taxes alone.* That's just a few dollars less than the average week's pay for most people!

Your gasoline dealer—who must collect these taxes from you—*feels that gasoline taxes are much too high.* More and more, thinking people are coming to agree. What do you think?

HIGHWAYS AND GASOLINE TAXES

Your gasoline retailer, naturally, favors construction of the roads that the motoring public needs. He believes in fair and reasonable taxation for this purpose but feels that taxes on gasoline have now reached unreasonably high levels. He also believes that *all* special taxes on the motorist should be used only for highway purposes. Yet last year, out of every automobile tax dollar collected by the Federal Government from highway users, more than 40 cents went for non-highway purposes. If these automotive tax revenues were dedicated for highway purposes, there would be no need for the latest increase in the federal gasoline tax.

Presented in the public interest by the Gasoline Tax Education Committee 575 Lexington Avenue New York, New York

Entire Squad Sees Action . . .

Yoemen Outplay Rosebud 25 - 0

By Robert Mann

Yoemen coach Billy Bates called on his entire bench Friday night as Cameron white washed Rosebud Black Panthers, 25 - 0.

Practically every squadman saw action when the second half rolled around. The Yoemen then had a safe, 25 - 0 lead.

Big Ed Lierman was the spark that kindled the fire under the Yoemen, early in the first quarter. He took the ball from the 29 yard line after a beautiful fake by quarterback Woodum to Fikes and sprinted around right end to paydirt. Roy Wholeb kicked the extra point to put Cameron in the 7-0 lead.

The touchdown play really started back on the Rosebud 26 where Ernest Bayer blocked an attempted punt. Cameron fumbled on the fourth down and Rosebud kicked the pigskin back to the 34. A five yard penalty against the Panthers brought the ball to the 29 where Lierman made his sprint.

Three minutes later Lierman went around right end again on the same fake - out for 27 yards and another tally. Wohleb missed the boat with his kick for an extra point.

The second quarter saw the last of the night's scoring. Ernest Bayer took the pigskin over from the one yardline for paydirt. The drive was staged from the Panther 14. Fikes got 5 yards and Bayer picked up 4 and 6 for a first down. Bayer then went off center for the touchdown.

Cameron recovered a Rosebud fumble seconds later on the Panther 40 yardline. Earl Morgan garnered 5 yards, Robert Eickenhorst got 2, and Woodum hit Morgan for an 18 yard pass that got Cameron a first down on the 29.

Morgan, not to be stopped, galloped 12 yards for another first on the Rosebud 12.

Brashear Scores

Woodum hurled a 12 yard completion to end Dan Brashear for the touchdown and missed on his extra point kick.

The Yoemen defensive squad looked sharp as a whip the whole contest. Bobby Hillman appeared to merely grab and throw down smaller Panther ball carriers Stanley Kirk, a Junior guard and end Joe Harger paced the tacklers.

Bertie Shumate, Chris Gay, Bob Dymke along with center Eugene Schattle rounded off the top Yoemen defenders.

Freshman Craig Wallace carried the ball once for a 13 yard pickup and a first down. David Walston averaged 3 yards per carry in two tries.

Johnnie Richter and Joe Hosch showed good form. Richter, a 140 pound Junior got his share of tackles along with guard Chris Gay. Hosch spelled Schattle at the center spot.

Wayne Garrett paced the Rosebud ball carriers. Mike Patillo and Willie Cortez backed him on the offensive side.

Gene Janes and Donald Schmidet quarterbacked for the losers. Both proved to be outstanding pass defenders.

Pass interceptions were heavy from the Yoemen viewpoint. Roy Wohleb stiffled two touchdown tries by the Panthers. He intercepted one on the Cameron 40 in the third and another in the 1st period on the Cameron 47.

Carol Fikes rolled out a 35 yard punt average for the night.

Statistics	Cameron	Rosebud
First Downs	10	9
Nt. Yds. Rushing	118	72
Nt. Yds. Passing	37	41
Passes Attempted	8	7
Passes Completed	3	3
Intercepted By	3	1
Penalties	4 for 30	2 for 10
Punts	5 for 185	5 for 135
Fumbles Lost	1	3

Hunters Should Pick Up Birds

AUSTIN — "Pick up those birds", warns the director of law enforcement, Game and Fish Commission. "Some hunters are careless about recovering their kills when they go into the field to hunt doves and whitewings. These people are detrimental to the honest and responsible hunters and fail to see the damage this causes to the bird crop."

The director encourages every hunter to make an honest attempt to search out any and all birds killed or wounded. He reminds shotgunners that picking a stand is important to the recovery of birds. First, don't shoot a bird if it will fall into heavy brush. "It's best to let the bird escape than to waste it," he said.

Second, if you shoot a bird, be certain to mark it even if it falls into an open field. "Get a ground and walk straight toward line on something in the back-it keeping a sharp eye on the ground. A dove blends well with the soil in most areas."

One reminder suggested by the warden chief is that "even if a hunter fails to recover his birds, he had better keep a close count of them. Wardens will be most areas, and they will apprehend a hunter for shooting more than his limit, whether he picks them up or not."

Those hunters who abide by the law and have faith in rules and regulations can help themselves by reminding irresponsible hunters who leave their birds lie, that it's wrong, and can't be tolerated. If it continues, report them to a game warden.

Outdoors In Texas

Money Can't Talk

By Vern Sanford

Money may not talk, but it sure does swim, float, shoot and roam the countryside.

Actually it doesn't do all these things. But it does take money and lots of it, to maintain our lakes and streams and to preserve and restore our fish and wildlife resources.

Money you spend for your new fishing and hunting licenses, needed by Sept. 1 each year, is spent on improving our wildlife resources.

Uncle Sam helps out too. He collects an excise tax whenever you purchose a new gun, box of shells, fishing rod or real, or those artificial lures.

A big portion of this money also goes for your benefit in hunting and fishing. Uncle Sam distributes these funds back to the states by means of a formula based on the state's area and the number of hunting and fishing license holders in the state.

Over $12,800,000 in federal aid, for fish and wildlife restoration programs, was distributed among the various states on July 1. These funds were allocated for the year ending July 1, 1961. They were designed to aid the states in programming their federal aid activities.

Texas fared quite well in the monetary apportionments. It was tops on the list in the allocations for fish ($123,500) and for wildlife restoration propects ($513,500).

California matched us in the appropriations for fish, but fell short on the wildlife allocations. None of the other states came close.

Under the federal aid program, the states expend their own funds on approved projects, then are reimbursed up to 75 per cent of the cost. This money comes from you, Mr. and Mrs. Outdoorsman, and is spent for you ..... so that you may enjoy fish and wildlife for years to come.

Also in the federal picture are our water resources. The Senate Select Committee on National Water Resources is studying the potential quantity and quality of water that will be needed in the years 1980 and 2000.

That may sound like a long time off, but it will be here before many of us realize it. Certainly before we're prepared for it.

Committee reports indicate that in 1980 the manufacturing requirement for water will be 100 billion gallons daily in itself. That is one - sixth of the estimate available under the present water development techniques.

Theodore M. Schad, staff director of the committee, says, "The United States is rapidly approaching the time when we will need and use all the water we can possibly get from every conceivable source."

From these facts one can see that our water conservation problem goes much farther than the desire of the outdoorsman for the conservation of water resources .. for the prolongation and sustainment of his favorite outdoor recreation.

This is a problem of survial and of health.

Of course the maintenance of water resources has the beneficial effect of improved recreation. That is one factor which caused the nation's outdoorsmen to take the lead in the flight for water conservation and against water pollution. For this work all outdoorsmen are to be congratulated.

As an outdoorsman you are closer to nature than any other citizen. Because of your hunting and fishing, and your participation in water sports, it was but natural that you would be the first to recognize the problem at hand.

And therefore the first to take one of the strongest stands in support of the improvement program.

But your personal desires are secondary. The problem encompsses many things. Include not only are the pleasures of life, but life itself for our future generations.

Women Bowlers Increase To 85

With the completion of the new Cameron Bowling Lanes the Cameron Women's Bowling Association membership has increased from 38 to 85 members at present.

Association officers are: Irene Mees, president; Billie McCall vice-president; Jody Pernice, secretary, Mazie McLerran, treasurer; and Ann Schattle, Sgt. at Arms.

The two leagues which were organized have forty members each.

The eight teams of the Sunshine League will compete every Monday at 7 p. m. beginning on September 12th.

League officers are Flo Fikes, president; Evelyn Burke, vice - president; Ann Hollas, secretary treasurer; and Anna Slama Sgt. at Arms.

Sponsors and Captains are: Citizens National Bank, Jackie McCall; Leader Department Store, Francis Mickna; Star Lite Club, Louise Thompson; Hefley Stedman Motor Co. Mona Zotz; New Cameron Drug, Evelyn Burke, Falstaff Beer, Ann Schattle; Coca Cola, Ellen Dillion and Western Auto Store, Billie McCall.

The Cam-Roc league with its eight teams will begin bowling on the 13th and compete every Tuesday night.

Officers are Marie Ann Laake, president; Helen Seelke, vice - president; Ida Michalka, Sec.; Clara Humplik treas; and Lillie Junek, Sgt. at Arms.

Sponsors and captains are: Mondrik Minimax, Irene Mees; Lone Star Beer, Marie Ann Laake; Farm and Ranch Store, Milady Hollas, McDonald Plumbing, Bennie Meyer; Acme Sheet Metal of Rockdale, Helen Seelke; Pearl Beer, Florence Williams; Seven-up, Edna McLerran, Rockdale Flower Shop, Elaine (Pete) Jones.

Play in both Leagues will run 28 weeks.

Rogers vs Cameron Tickets Available

Football tickets are now on sale in the High School Principals office for the first home game with Rogers Friday night.

Advance students tickets are .25 cents (50 cents at the gate) general admission tickets $1 and reserved tickets $1.25.

Yoemen Outdo Opponents By Score, Statistics

Statistics are a vital part of any sport and if they weigh evidence for the winning or losing of a football game the Cameron Yoemen are in pretty good shape.

After two gridiron contests the Yoe are outdoing their opponents in every department except punting and penalties.

The Yoe have ranked in 33 first downs to their opposition-s 30. Backs have garnered for 433 yards while Yoe defenders have held Rosebud and West to a total of 285 yards rushing.

Passing has turned out to be a pleasant surprise for Coach Billy Bates. His quarterbacks, Jimmy Woodum and Carol Fikes have 7 out of 19 times for a total of 120 yards in the air.

Cameron has intercepted three passes with Roy Wohleb getting credit for two of the interceptions. Carol Fikes has booted the pigskis for 248 yards in 8 tries, a 31 yard average.

Individual Yoemen statistics are another good reflection for the locals. Ed Lierman and Carol Fikes are pacing the yard gainers so far.

Lierman has a 9.1 average in 18 carries over 163 yards. Fikes has 121 yards to his credit for an 8.9 average.

Fullback Ernest Bayer has garnered 64 yards and Earl Morgan has an 8.1 average in 3 carries.

Cards Finish With 12 Wins, 6 Losses

The Cameron Cardinals defeated the Temple CYO by a score of 3-2 under the splendid pitching of Tony Mendoza and good fielding by Pete Ortiz and Arthur Kelley.

Mariano De La Rosa doubled to score Cameron's runs. The Cardinals have finished their 1960 season with 12 wins and 6 loses.

Board Discusses Academics

Academics and implementing their improvement were important topics discussed at last week's Cameron School Board session.

Administration officials submitted an outline of the problems of ability grouping in Cameron Public Schools. It pointed out the advantages of grouping students by ability and achievement and the accompanying problems of making theory work.

Cameron schools are operating the grouping program for the third year and its results on achievement tests of the students have already shown its merit.

The concensus of administrative people indicated that students adapt to the accelerated program more readily than their parents.

Grouping by ability should make learning a challenge to nearly all students. Seeing the possibility of moving into a faster group, a pupil produces nearer his capacity.

If pupils in the faster classes fail to meet their known capabilities, there is the possibility they would be moved out by competition until they perform to their personal standards.

With proper instruction and study work, most students will be motivated to garner more than we might anticipate from their educational opportunities.

The board also discussed the prospects for improving the physical education program in the high school. And members agreed that additional shower and dressingroom space for YHS boys is a must for an adequate program. They are looking into the prospects for additional physical education and athletic department space.

The program of academic improvement and physical education go hand in hand.

Administration officials pointed out the diffciulties of grading under a grouping system. Understandably, students taking courses in various groups would sometime fall short of what might be expected of them in grades.

There is something basic there. Is it not possible, even likely that grades have become the object of education rather than education itself?

A student's performance is reduced to letters or numbers comparing his work with a group norm. This is an indication of his progress, but sometimes has little relation to his capabilities. A student can point for a grade level, depending upon its acceptability to him, his family and friends, and shoot for it. Yet that performance may exceed or fall short of his capabilities.

Educators note that a large percentage of latent academic talent goes undeveloped, either lacking a chance for higher education or going underdeveloped in public schools.

Grouping probably is not the final answer. But it is assaying the value of student exposure to a fuller measure of their capabilities and identifying their capabilities before students go out into the world.

Yoemen Sparkle

Cameron's football Yoemen have the spark and zeal of boys wanting to get things done on the gridiron. This attitude speaks well for the efforts of the YHS coaching staff.

There was a noticeable drive for excellence in the Yoemen's performance Friday night. They played four-quarter football, hitting as hard at the gun as at the opening kickoff.

This team spirit gets things done. It would be certain to say that Cameron's football fortunes are on the rise.

Complaints Of Demo Platform

AUSTIN — He will not try to muzzle anyone who wants to complain about the National Democratic Party platform, says Gov. Price Daniel.

But the state Democratic convention in Dallas Sept. 20 is not the place, said the governor, to debate the pros and cons of the national platform. This convention, he said, is traditionally for the purpose of writing a state platform and certifying Democratic nominees for state office.

Edward J. Drake, chairman of the Dallas County delegation, wrote the governor that the Dallasites would like to have a "full and factual" discussion of the national platform at the Sept. 26 meeting.

Governor Daniel said there are planks in the National Democratic platform to which he is definitely opposed. But he said he didn't feel there was enough difference between the Democratic and Republican platforms to justify criticizing one without applying the same criticisms to the other.

Governor Daniel said he was definitely opposed to freeing the Texas Democratic electors, as proposed by some, to vote for whom they please. He said he felt it was a matter of "simple integrity", for the Democratic electors to vote for the Democratic candidates if the party carries the state.

Since the Los Angeles convention, the governor' s position has been to work for the Democratic ticket without endorsing the total platform.

SCHOOLS NOT PENALIZED

A ruling by Atty. Gen. Will Wilson has provided a way out for Texas schools faced with conflicting state and federal orders regarding integration.

State law provides that a school system which integrates without approval of local voters loses state aid. Wilson ruled that this does not apply if the school is complying with a federal court order to integrate.

However, the ruling did not knock down the state law in question. Wilson said that schools that are not under federal court order and integrate without approval in a local election would still lose state aid and accreditation.

Immediately affected were two large school systems -- in Houston and Dallas -- both of whom are under court order to begin gradual integration plans.

SALES TAX NEED SEEN

Next year's money needs will be so staggering the Legislature will have to resort to sales taxing, general or selective, to keep the boat afloat.

This predication is made by Sen. William S. Fly of Victoria, chairman of the Texas Commission on State and Local Tax Policy. Fly was defeated in his race for re - election last May but contended his tax stand had nothing to do with it.

Those who do come back, said Fly, may face the need to raise as much as $108,000,000 in new money. This is the estimated new revenue need if the Legislature enacts bills to raise teacher pay and provide medical aid for oldsters -- both programs with wide popular support.

Latest report by the tax study group shows that Texas families are now paying less state taxes than the national average. Annual state tax bite on a theoretical "Average" Texas family is $115.89 a year. Nationally, the "average" family pays a state tax bill of $235.51 a year.

Proclamation

I, Coleman Duncum, Mayor of Cameron, Texas do hereby proclaim OCTOBER 2, 1960 through OCTOBER 8, 1960 to be

NATIONAL BUSINESS
WOMEN'S WEEK

This annual Week, sponsored throughout the United States by The National Federation of Business and Professional Women's Clubs, Inc. is set aside to pay tribute to women in business and the professions, and the contribution they make to the nation. The theme of 1960 "National Business Women's Week" is "symbol of the Sixties -- More Women at Work."

Coleman Duncun
Mayor, City of Cameron

LITTLE RIVER PHILOSOPHER

Which Vote Will Be Right Enough To Keep World From Collapsing

Dear editar:

There's one thing about history that I've never been able to understand. Well, that's just a manner of saying it, actually there are thousands of tnings about history I've never understood, and even more I don't even know about, but the thing that I'm referring to now is this:

How is it that a fateful crossroads in history always looms up simultaneously with a Presidential election?

As long as I can remember, I can't recall a time when, every fourth year along in September, the fate of the world wasn't considered to be hanging on the outcome of the election in November.

I don't understand how this comes about, but it does and what is even more surprising is how the Ameri an people always seem to make the right choice. At least they always must have as so far the world never has collapsed yet after an election in the United States. When I haven had anything else to do, I've often sat and pondered what would have happened to the world if all the defeated candidates for President had been elected and the successful ones had been defeated. I figure the world would have collapsed fifteen or twenty elections ago, but how it could have continued to collapse every four years there after is a puzzling thought.

Understand, I'm not belittling the importance of the Presidential race, but I sometimes think the candidates and their supporters get a little out of touch with reality. The world is not nearly as collapsable as some people think.

These are critical times all right and something ought to be done about it, but so far I haven't been able to find anybody who knows exactly what.

For example, take Cuba and Castro. Up to now, the only thing I've read about the Cuban situation that any expert cares to go on record with is this: The United States takes a very serious view of the Cuban Situation.

The only trouble with this is that Castro doesn't seem to take a very serious view of our serious view. This makes the situation even more serious, but no nearer solution. Or take the Congo, or China, etc.

I will do my best in November, to keep the world from collapsing when I go to vote, but it's an awful responsibility to put on my shoulders, and I may not have the materials to do it with.

Yours faithfully,
J. A.

40 Years Ago

A Milam Bankers Association has been organized in Cameron with A. N. Green, president of the First National Bank, as president and L. T. Lewis, Cashier of the Citizens National Bank, secretary.

Fire completely destroyed the home of Melvin Weems Monday morning about ten o'clock.

There were 10,571 bales of cotton (counting round as half bales) ginner in Milam County as of September 1, 1920.

The Rev. B. B. Blaylock, pastor of the First Baptist Church for more than 5 years, resigned to assume new duties with the Southwestern Baptist Seminary at Fort Worth as evangelist.

20 Years Ago

The Yoemen had a decisive win over Calaert Friday and are expected to meet tough competition Friday night in their contest against McGregor. Cecil Tindall is team captain. The Santa Fe has scheduled a special football train for the Cameron - McGregor game over Calvert Friday and are expecting program will get underway Monday when the city begins the first unit of construction according to Mayor Charles C. Smith.

A total of 5,129 bales of cotton were ginned in Milam County from the crop of 1940 prior to September 1st.

County Agents Notes

Harvest Care Of Fruit Trees

Considerable damage is done to fruit trees from both the peach tree borer and the lesser peach tree borer. Those growers that did not use a truck spray treatment in June and July should check their trees closely for the presence of these serious pest. There can be a great deal of damage caused by these two borers between now and frost.

The recommended treatment to keep down infestation of borers is a Deildrin spray on the trunk, limbs and crotches of trees. Two tablespoons of Dieldrin per one gallon of water will do a lot to prevent borers in all trees. The county agent experienced success in keeping down borer infestation this summer by using a dieldrin spray on the trunks of peach and pecan trees.

Southern Blight, a fungus disease of peanuts was called to our attention last week in a field farmed by Pete Keen south of Rockdale. This disease is sometimes referred to as being caused by the "mustard seed fungus" since small seed - like structurs are frequently found along with the whitish fungus growth at the base of the affected plants. This disease attacks all kinds of vegetables crops, including tomatoes, watermelons and canteloupes.

Keen applied a fungicide to affected plots just as a test plot. Applications made earlier would have been more effective. Peanut growers in the Rockdale area might profit by observing the course of this fungus disease.

A relative new material named "Terraclor" is being tested in exprimental plots. The cost of this new material runs $15 to $20 per acre and is prohibitive cost wise on dry land peanuts.

Moisture allowable is increased in peanuts this year. The 1960 crop farmers stock peanuts containing up to 10 per cent moisture and meeting other eligibility requirements will be acceptable under the price support program. In other words, the moisture allowed in eligible peanuts has been increased ½ to 1 per cent. However, peanut scontaining 10.01 moisture or more will not be eligible for price support loans. The maximum moisture allowed in previous years has been 9.49 per cent.

Other requirements for eligible peanuts remain the same this year They are: damag e— not to exceed 7 per cent and foreign materials - not to exceed 10 per cent.

Four per cent more Texas Turkeys in 1960 - Turkey growers in Texas are raising 4 per cent more Turkeys than a year earlier according to the Texas Crop and Live stock Reporting Service. An estimated 3,950 thousand turkeys are being raised in 1960 compared wi the 3,780 thousand in 1959.

The bulk of the increase occurred in the heavy breeds. Growers are raising 3,710 thousand head in 1960 compared with 3,100 thousand in 1959. This is a 20 percent increase in the number of heavy breed turkeys being read ied for market. Light breed turkeys raised are estimated at 240 thousand, only 35 per cent of the 680 thousand light breed turkeys raised in 1959.

Heavy breed turkeys make up 94 per cent of the total raised in 1960. In 1959 heavy breds accounted for only 82 per cent of total turkeys.

In this report, light breed turkeys include Beltsville Small White, Jersey Buff, Royal Palm and Wild turkeys. Heavy breed turkeys include Heavy White, Bronze, other heavy breeds and crosses with light breeds.

Texas 4-H'er Top Tractor Operator

COLLEGE STATION — Freddie Streit, a Wilbarger county 4-H boy who knows his farm tractors, came home last week from Michigan State University with the champion's trophy as the top winner in the 4th annual Central U. S. Tractor Operators' Contest. The winners wee announced on Sept. 1.

Freddie is the son of Mr. and Mrs. Otto Streit, Rt. 3, Vernon. He won the right to represent Texas in the regional contest back in June when he was named State winner during the Texas 4-H Roundup held at Texas A & M College. At Michigan State University he competed against 15 other state winners and climaxed a year of learning in the National 4-H tractor program.

Young Streit was accompanied East **Lansing by his** coach and county agent, W. H. Lehmbert and Dr. W. L. Ulich, extension agricultural engineer who scrved as chief judge at the contests. Freddie's trip to the regional event was provided by the Humble Oil and Refining Company, sponsor of the tractor program in Texas. Harold Freeman of the sponsoring company as in East Lansing for the regional event.

The tractor program in Texas is supervised by the Cooperative Extension Service in cooperation with the National 4-H Service Committee, Chicago and the Humble Company.

Help Available For Rat Control

COLLEGE STATION — Rats are one of the most destructive and dangerous pests to have around a farm or ranch. They contaminate stored grain and exposed food and feed, they kill poultry and young livestock, and they start fires. Diseases such as leptospirosis, contagious abortion, trichinosis, distemper, atrophic, rhinitis, plague, typhus, salmonella, food poisoning and rat - bite fever are carried from place to place by these pests.

The rat population on your place can be controlled, however, if you will put forth a little time and effort. An extensive sanitation program, coupled with the use of anticoagulant baits, will effectively control the rat population. Once the rats have been eliminated, a small number of permanent baits and ocntinued sanitation will help prevent reinfestation.

As long as there are rats in he area, however, your farm or ranch is in constant danger of becoming infested. The local county agent can help by contacting rodent control specialists of the U. S. Fish and Wildlife Service. These specialists, working with the county agent and you and your neighbors, will help institute a county - wide control program. Such programs are far more effective than localized, one-farm operations.

Revised Farm Housing Loans Regulations Announced By USDA

COLLEGE STATION — The U. S. Department of Agriculture recently announced a change in the regulations governing farm housing loans made under Title V of the Housing Act of 1949.

Effective immediately, any farmowner who annually produces for sale or home use at least $400 worth of commodities (based on 1944 prices), and who meets other eligibility requirements, may be able to obtain a farm housing loan.

To be eligible previously, an applicant had to own a farm that would produce a substantial amount of the operator s income.

Farm housing loans, which are made by the USDA's Farmers Home Administration, are used to construct and repair needed farm houses and service buildings. The USDA said its experience demonstrates that there are farmers who can properly use and repay this type of credit, but whose income from farming oprations does not constitute a substantial part of their total income.

Other eligibility requirements for farm housing loans remain unchanged. These requirements are that the applicant must lack the resources needed to obtain credit elsewhere, he must be a citizen of the United States and he must have sufficient income from farm and other sources to pay farm operating and family living expenses and meet payments on his debts.

Local county extension agents can provide publiciations and standard house plans for anyone desiring to apply for one of the above loans. Ask for B-172, "House Plans for Texas," or one of the leaflets showing plans for other buildings.

Cameron Auction

Cameron Livestock Officials report a total of 132 sellers and 66 buyers participating in the Thursday auction sale.

Hogs numbered 209 and cattle 403 for the days sale, officials said.

4-H Club Notes

Davilla 4-H Clubs Elect Officers

In an organizational meeting last week Wayne Davis was elected president of the boys club and Margaret Winfrey was elected president of the girl's 4-H Club.

Other officers elected for the boys club were: Mike Davis, Vice-president; Paul Fox, sec. - Treas; Junior Faulkner, reporter; Freddy Dodd, song leader, and Wayne Davis was elected as Council Delegate.

Adult leaders for the boys 4-H Club are Mr. and Mrs. R. B. Fox and Lester Davis.

Other officers electd for the girls club were Cathy Gilleland, vice - president; Mary Crow, sec. treas; Sarah Wilson, song lead- and Patty Davis, council delegate

In discussing the program for the year, the annual Dallas Fair trip headed the list of current plans. The Davilla 4-H boys and girls, accompanied by their adult leaders, will make the trip as a joint activity. There are 18 boys in the Davilla club and 9 girls in the girls club.

Other 4-H clubs that plan to make the trip should assume the responsibility, make their plans and pick up their free passes at the county agents office in Cameron.

Pre-School Activities Keep Milam Health Department Busy

A number of children seeking immunizations for school came by the Cameron, Rockdale and Thorndale Clinics during August. Smallpox vaccinations and diptheria immunizations were given during the month ot children entering school. Polio immunizations continued at a fairly high rate with 58 first shots, 41 second shots, and 33 third shots given, according to Dr. T. E. Crump, acting director of the Milam County Health Dept.

Other communicable diseases reported during August were 126 cases of streptococcal infection 5 cases of mumps, two cases of measles, 2 cases of pertussis, two case of gonorrhea, and one case of typhoid fever, syphilis and tuberculosis, Dr. Crump continues.

A new case of tuberculosis was reported by a private physician The patient, a young Latin American child, is under the care of a private physician.

The Public Health Nurse completed a 12 hour course in Civil Defense, which was conducted by the Cameron Independent School District.

Miss Ruby Lee, Public Health Nursing Consultant, from the Texas State Department of Health visited the Milam County Health Department for two days to give generalized nursing consultation to the public health nurse.

All schools and school cafeterias have been inspected for the presence of rodents and roaches. All places showing edivdnce of these have been treated by the Sanitarian during the latter part of the summr. All are now clear for the beginning of the 1960 - 61 school term, Dr. Crump concludes.

PARTNERS IN TEXAS PROGRESS

No. 5 in a series.

PLANNING FOR THE ATOMIC FUTURE

To assure you ample, low-cost electric service at all times, Texas Power & Light Company is constantly planning ahead.

This planning includes research to find ways to use atomic energy efficiently and economically in the production of electricity.

At the present time, the use of atomic energy as a fuel for producing electricity in this area is not feasible or practical because of its high cost in relation to use of the vast resources of natural gas and other fuels.

Looking to the future, however, TP&L and ten other electric companies in Texas, comprising the Texas Atomic Energy Research Foundation, are co-sponsoring with General Dynamics a research program concerning the use of atomic energy. In addition to participating in this joint effort in thermonuclear research, TP&L employs a full-time nuclear research scientist.

This is an example of free enterprise at work. Texas Power & Light Company, a business-managed, investor-owned, tax-paying electric utility, pledges continued efforts and planning to provide you with dependable electric service at the lowest possible cost.

TEXAS POWER & LIGHT COMPANY

BUDGET OUT OF BALANCE?

. . . here's a sure way to Solve Your Problem!

Budgets-out-of-balance probably cause more family arguments than almost anything else! Usually the trouble is that the amount budgeted for SAVINGS has a way of simply disappearing into the thin air. The argument then is about how or why this happened and who was responsible! The solution is as simple as this: If you would make it a practice to DEPOSIT your budgeted savings FIRST thing every payday, they couldn't disappear, and there'd be nothing to argue about. In the interests of family harmony and a growing bank account, always do your saving BEFORE you do your spending . . . starting very next payday!

The new pastor for the Gause Baptist Church has not been chosen. Marvin Harris preached Sunday morning and evening.

Judge Humble Talks To 50 CYC Members

Milam County Judge Don Humble spoke to about 50 members of the Cameron Catholic Youth Council in their monthly meeting.

Judge Humble said the reason why most kids get into trouble is the inability to recognize true values and their importance or unimportance.

He stated that reasons why people do things that are wrong are threefold; because it is popular, makes money or because everyone does it.

James Barta, president of the group, was selected as outstanding youth of the club. He will now enter competition with other youth in the Austin Diocese.

Miss Irene Torno of Houston is spending the week with her mother Mrs. Amelia Torno.

Lions Hear Talk On Civil Defense

Cornelius "Bo" Titsworth stressed Cameron's strategic location in a "fall out" area during a talk on Civil Defense before Cameron Lions Monday.

Titsworth said that everyone needs to know more about Civil Defense in case of atomic attack on any of four major Texas cities.

He is teaching a second 12-hour course on the subject on Tuesday nights at the Voc-Ag. Bldg, Yoe High School. It began last Tuesday night.

"Fall out ranges from 100 to 200 miles from the blast area and is as deadly as a blast in Cameron", Titsworth emphasized.

An underground shelter covered with a minimum of three feet of earth is practically safe during an atomic attack. Titsworth advised staying in the shelter for a period of at least two weeks in the event of an attack.

"When we realize that Russia can bomb us with rockets 30 minutes after the button is pushed in the USSR, we know that we must prepare now," Titsworth added.

About 90 percent of the Russian people are prepared for atomic warfare through training received in case of attack.

Titsworth said local classes teach: need for family planning; duties of federal, state and county and municipal government during such disaster; how to build a shelter; how to decontaminate persons from radioactive fall out; and local organization for warning and communication.

He said the course offers a free manual and other reference material, films, slides, discussion periods and certificates for those who complete the 12-hour course.

Miss Stedman Hospitalized

Miss Sil Stedman is a patient at Grace Lutheran Hospital in San Antonio where she will be confined for about two months. Visiting her in San Antonio last Thursday were Miss Minnie Stedman, Mrs. Gene Goldfarb and Mrs. Bess Stephens.

HORSTMANN BROTHERS

TEXAS LAWMEN
Charles Goodnight, Empire Builder

"Live and let live.. except cattle thieves!"

Back in the stalwart seventies cattle herds and cattle thieves were the fastest growing crops in Texas. Then Charles Goodnight declared war on the latter and, with some like-minded friends, organized the Panhandle Stockmen's Association. Those of the bandit brotherhood who didn't hit the trail *out* were soon decently interred, one by one.

Goodnight was always a cattleman and only incidentally a lawman, but he served Texas well. Born in Illinois, 1836, his 21st birthday found him in Palo Pinto County, a Texas Ranger and Indian Scout, and starting his first herd. By 1865 he had more cows than he could sell thereabouts, so he and a friend, Oliver Loving, drove them to New Mexico. The route they marked became the well-worn Goodnight-Loving Trail. By 1877 he and a partner, John G. Adair, established the JA Ranch and in time ran a hundred thousand cows on a million Panhandle acres. There they introduced Hereford bulls and developed one of the nation's finest herds. He also developed the cattalo, breeding buffalo to Polled Angus cattle. After 93 colorful, active years Charles Goodnight died in 1929.

The good citizen and the lawman have always possessed the courage and good judgment to uphold justice and keep the peace. We need that now . . to keep our good life and liberty. When an industry provides employment and enjoyment for so many, it "belongs." In Texas, "Beer Belongs." The United States Brewers Foundation is constantly at work, with brewers, wholesalers and retailers, to assure the sale of beer and ale under pleasant, orderly and law-abiding conditions.

MRS. LAWRENCE TILLER, JR.

Miss Susan Smith Wed To Lawrence Tiller, Jr.

In a candlelight ceremony performed Friday night, September 2 in the Sanctuary of the First Baptist Church of Corpus Christi, Miss Susan Shane Smith, daughter of Mr. and Mrs. Gerald Nelson Smith of Corpus Christi became the bride of Mr. Lawrence Lucian Tiller, Jr., son of Mrs. Gordon Baskin of 202 E. 5th St., Cameron and Mr. Lawrence L. Tiller, Sr.of Edinburg.

Dr. C. E. Hereford officiated before an altar banked with white gladiolas, chrysanthemums, and stock. Twin spiral candleabra were garlanded with huckleberry.

Mrs. Katharine Allen of Corpus Christi furnished the nuptial music and Charles Shievers of Bay City sang "I Love Thee", "Because" and "The Wedding Prayer".

Given in marriage by her father, the bride wore a formal dress of white silk organza fashioned with a yoke of Alencon lace appliqued with irridescent sequins front and dame to a V in the back. The sleeves were of lace and were wrist length. The front panel of the skirt was appliqued with lace with lace motifs embroidered with irridescents and seed pearls. The back sweep of the skirt was emphasized with a butterfly bow on the waist and a chapel train.

Her fingertip veil of French illusion fell from a pearl tiara accented with crystal drops.

She carried a cascade bouquet of white orchids and stephanotis on a white Bible.

Matron of honor was Mrs. Robert Eldon Mastin of Waco. Bridesmaids were Misses Pat Whatley, Michaeli Thomas,and Cathy Carson, cousin of the bride, all of Corpus Christi, and Mrs. Kenneth Hayes Craven of Texas City. Flower girl was Miss Brenda McLoughlin of Corpus Christi.

They wore dresses of silk organza in shades of gold. Carding emphasized the rounded necklines and brief cap sleeves. Draped sashes of dark brown silk peau de soie were crushed in the back, held in place with large self material roses and ended in long streamers.

Gold organza roses accentuated their headpieces which held back swept veils of gold tulle. They carried bouquets of tangerine carnations, crysanthememms and hanna ivy.

The flower girl carried a single carnation with streamers of ivy and ribbon. She wore a dress of organza, matching the bridesmaids in color, but simply made with peter pan collar and tabbed three quarter length sleeves.

Best man was Neal Shumate of Cameron. Groomsmen were Joe Bell of San Marcos, Johnny Moseley and Dwight Hughes of Cameron and Jackie Dunn of Nixon.

Ushers were Gerald Nelson Smith, Jr., brother of the bride, Alfred T. Hook, brother - in - law of the bride, Danny McLendon and Robert L. Ingram all of Corpus Christi.

For her daughter's wedding, Mrs Smith wore a beige lace and chiffon dress with matching accessories and a bronze mum corsage. The grooms mother wore a green silk dress with white accessories and a white mum corsage.

Following the ceremony, a reception was held in the Church Parlor. The brides table was skirted with a double ruffle of tulle over taffeta and laid with an embroidered tulle cloth. White cupid epergnes encircled with carnations and ivy flanked the three-tiered cake trimmed with pale gold roses and bells. The grooms table was laid with an ecru linen cut work cloth, and centered with a bouquet of tangerine carnations and gold crysanthemums.

The brides bouquet and crystal candelabra decorated the table with the brides book.

After a trip to Galveston the couple will reside in Houston.

The bride is a graduate of W. B. Ray High School of Corpus Christi and attended Southwest Texas State College in San Marcos.

The bridegroom is a graduate of C. H. Yoe High School of Cameron and attended Southwest Texas State College in San Marcos. He will enter the University of Texas Dental Branch of Houston in September.

Out of town guests were Mr. Lawrence Tiller, Sr., father of the groom, Mrs. Verna O'Bryant, grandmother of the groom and Mrs. Billy Heaton of Edinburg; Mr. Gordon S. Baskin, Mrs. Henry McLane, and Mrs. Johnny Moseley of Cameron, Mr. and Mrs. Louis Roberts of Austin, Mr. and Mrs. C. A. Edwards and daughter Dorothy of Victoria, Mr. and Mrs. George Culli III of Taft, Miss Shelley Cheney of Raymondville, Mr. Kenneth Craven of Texas City, Lt. and Mrs. Roy Wilmot of Harlingen, Mrs. Jackie Dunn of Nixon, Mrs. Alta Bartlett and Miss Clara Hamblen of Brenham and Mrs. John Worcester of Mission.

Mr. and Mrs. Jim McGoldrick Sr. spent the weekend in Waco visiting relatives.

Johnnie Vybiral Weds Mrs. Abel At St. Monicas

Dorothy H. Abel and Johnnie L. Vybiral were united in marriage in St. Monica Catholic Church at 2 p. m. August 21. The Rev. Alfred Kallus performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Rudolph Hertenberger of Cameron. Mr Vybiral is the son of Mr. and Mrs. Ben Vybiral of Cameron.

Attending the couple were Mrs. Minnie Hertenberger, sister of the groom and Lawrence Hertenberger, brother of the bride. Both are from Texas City. Louis and Don Abel, sons of the bride, served as ushers.

The bride wore a street length dress of beige silk organza and beige accessories. Her attendant wore a mint green dress of silk organza with green and beige accessories.

Following the wedding a reception was held at the Simon and George Memorial Hall.

Mr. and Mrs. Vybiral are now residing at 214 W. Virginia in Temple. Mr. Vybiral is employed at the Farm and Ranch Feed Store in Cameron and his bride is employed at the First National Bank in Temple.

Sam Deers Cite 50th Anniversary With Party

Mr. and Mrs. Sam Deer of Alice celebrated their 50th Wedding Anniversary on August 28 with an open house from 4 to 6 p. m.

Hostesses for the event were their three children and their families including Mr. and Mrs. F. P. Deer of Hebbronville; Mr. and Mrs. C. S. Greenlees Sr. of Aransas Pass and Mr. and Mrs. George H. Deer of Alice.

The couple was married August 28, 1910 in Marlin by the Rev. I. F. Betts. They moved to Alice on June 26, 1954 from Cameron where they resided 35 years.

Deere is a retired employee of Southern Pacific Railroad. Mr. and Mrs. Deer have five grand children.

Beta Nu Chater Of Delta Kappa Gamma Meet In Marlin

Beta Nu Chapter of Delta Kappa Gamma Society met Saturday in Marlin for a brunch and program.

Chilton members were hostesses.

Mrs. J. D. Lewis of Buckholts, president, directed the business meeting. Past President's pens to Mrs. John M. Clark, Rosebud and to Mrs. Lillian St. Romain, Lott.

As program leader, Mrs. Helen Ligon, Lott, introduced the discussion theme, "Recognition of the Growing Importance of Higher Education". Mrs. Henry Williams, Marlin, directed the thinking toward "Whom Shall we Send College, the Few or the Many?" Mrs. J. D. Lewis talked about "Quality in Higher Education". To conclude the discussion Mrs. W. E. Magee, Chilton, presented the subject "After High School The Crisis".

Mrs. B. J. Matocha is visiting her son and family, Alphoniase in Houston.

Mrs. Hensarling Honors Wedding Party At Luncheon

Mrs. Charles Hensarling of Naples, Texas entertained the wedding party and out - of - town guests for the Markham - Walker wedding with a luncheon at the home of her mother, Mrs. Jess Brock of 501 West 6th St. September 3.

Silver and crystal appointments graced the dining table which centered with an arrangement of gold and bronze mums. Two small tables were centered with bronze and gold nosegays. Pastry shells filled with creamed chicken and Parsley potatoes, asparagus with cheese sauce and a desert of meringues and ice cream balls were served the honoree, Miss Sammie Dell Markham and the twelve guests.

Following the luncheon, Mrs. Hensarling presented a gift of crystal to the bride elect.

Supper Party Opens Delphian Club Year

The Cameron Delphian Club will open their club year with a guest night supper at the home of Mr. and Mrs. Alvin Dusek Tuesday evening. Miss Sue Butts will be co-hostess for the special entertainment.

Yearbooks will be presented by Miss Mildred Thornton and a short welcome will be given by Mrs. Frank Luecke, president.

Mrs. Green Hosts Baptist SS Class

The Bethany Class of First Baptist Church met September 7, at 7:30 p. m. at the home of Mrs. Raymond Green.

Mrs. Ben Zajicek, president, presided. The devotional was given by Mrs. Wm. Watkins.

Plans were made for the year book and officers for the new year were nominated.

Refreshments were served to nine of the lcass.

Mrs. Sue Welborne of Jacksonville visited Mr. and Mrs. Melvin Weems for the weekend.

Officers Installed At Pleasure-Profit Club

Mrs. Roy Hensley was hostess for the Pleasure and Profit Club installation of officers last Thursday at her home. Attending the years opening meeting were 15 members and 3 guests, Mrs. Coy Arledge, Mrs. Cornelius Titsworth and Mrs. Earl Knebel.

Officers Installed

Mrs. Arledge installed Mrs. H. M. Yager as president, presetning her with a red ribbon representing stimulation and energy.

Miss Lois Randolph, installed as vice president, was given a white ribbon representing love, joy and honor, and Mrs. Buddy Wiese as secretary - treasurer received a blue ribbon desgnationg accuracy promptness and dignity.

The newly installed reporter - historian, Mrs. Bartow Jackson, received a gold ribbon representing happiness and charitableness.

Year Books

Following the installation the year books were presented and discusesd by Mrs. Hensley, program chairman.

Refreshments of lime float, cookies and mints were served and the meeting was closed with the reading of the club womens collect.

The next meeting for the club will be September 22 at the home of Mrs. S. H. Richardson with Mrs. S. D. Ripley in charge of the program.

Miss Sammie Markham and Mr. Jack Wesley Walker were married September 3 at the First Methodist Church, Cameron with the Rev. Aubrey F. Russell officiating. The bride is the daughter of Mrs. Florence Houston Markham of Cameron and the groom is the son of Mr. and Mrs. Robert T. Walker of Graham.

Civic Garden Club Begins New Year With Seed Study

For the initial meeting of the year, the Civic Garden Club held a study in horticulture on September 8 in the Recreation Room of the First Christian Church.

Mrs. W. M. Fanning presented a duscussion on "How Seeds Travel" making the members aware of how and why many "foreign" plants appear in the garden each year.

"Time to Plant What?" was led by Mrs. Alvin Dusek and Mrs. W. R. Newton, Sr., conducted a contest, "Can You Identify These Seeds?" with an exhibit of 25 varieties gathered from her own garden. Mrs. Alvin Dusek, winner, was awarded gladiola corms.

Members exchanged plants from their own gardens by a drawing, conducted by Mrs. W. M. Fanning.

In a short business session, conducted by the president, Mrs. Alvin Dusek, Mrs. Leo Fuchs, year book chairman, outlined the program and activities planned for the club by her committee. New members to the club were Mrs. Gillis Graham and Mrs. Chas. Matula. Mrs. Clarence B. Bryson was a visitor. The door prize was won by Mrs. R. G. Grabein.

The social committee, Mrs. Joe Heitman chairman, served iced drinks during the social hour.

Mrs. Bill Hinton and sister of Crosby spent the weekend visiting Mrs. Annie Richards and other relatives.

Clarkson

First Home Game!

Yoemen VS. Rogers

Friday Sept. 16th., 8:00 P.M.

Yoe Field, Cameron

The Yoemen hit the winning trail at Rosebud last Friday night in a stunning 35-0 win. Hitting ard the Yoemen held their arch rivals scoreless.

This week Rogers comes to Cameron for the first home game of the season. Rogers has two wins including their last win over Academy, 14-12.

Cameron won over Rogers last year and they will be out to take the Yoemen this week. Come out and give the Yoemen all your support.

SEE YOU AT THE GAME FRIDAY NIGHT!
